Who installed the smart thermostat?	<input type="checkbox"/> Homeowner <input type="checkbox"/> Contractor	<input type="checkbox"/> Homeowner <input type="checkbox"/> Contractor

Residence Type:

Single-Family

Manufactured Home

Multi-Family

The installed thermostat must:

1. Be on the BPA Smart Thermostat Qualified Products List.
2. Have occupancy detection set to on.
3. If the thermostat controls a heat pump, be programmed to control a heat pump.
4. Be set to the geographic location where the thermostat is located.
5. BPA does not recommend smart thermostats be installed to control variable-speed heat pumps as savings and compatibility is uncertain at this time.
